SUMMARY OF MEETING:

Background: ASTM F08.96 US ISO Tag Committee participates in International Organization for Standardization (ISO) and European Committee for Standardization (CEN) standards development related to cycles.

Summary: The committee reported on updates to ISO and CEN standards related to bicycles. For the ISO standards, the group reported there was an open ballot for ISO/DIS 4210 parts 1-9. The group mentioned there are work groups discussing scope, lights and reflectors, and rims, wheels, and tire requirements. For the CEN standards, the group reported on developments regarding battery requirements, carrier cycles, and definitions.

Next Steps: CPSC staff will continue to attend meeting to stay updated on international developments. The next committee meeting is scheduled for May, 2022.
